We did not send out a new draft with the PN. We are simply extending the public comment period on the previously-noticed permit. We are working on some potential changes in the draft permit; I will send those along as soon as we work through some ideas with the company.

Eric,

I just received from our OH branch contact a copy of the public notice extension for this permit, so no need to send that, but we did not receive a copy of the draft permit along with that PN, can I obtain that from you to ensure we comment on the exact permit OH is public noticing?

Thanks

Janet

Eric,

Since you indicated last week this permit may be re-public noticed and possibly revised.....

Could you send me electronically the public notice as soon as OH issues it for this AEC permit?

Also if the permit is revised prior would appreciate getting that electronically as soon as possible.

Thanks much,

Janet
